#### GMAC Financial Services Reports Preliminary Fourth Quarter and Full-Year 2008 Financial Results

- Fourth quarter net income of \$7.5 billion; full-year net income of \$1.9 billion
- \$11.4 billion gain from largest corporate bond exchange ever completed
- Continued pressure in the automotive finance and mortgage businesses
- GMAC becomes bank holding company and converts ILC to state bank
- Received \$5 billion investment from U.S. Treasury's Troubled Asset Relief Program (TARP)
- Cash and cash equivalents balance of \$15.2 billion

**NEW YORK** – GMAC Financial Services reported 2008 fourth quarter net income of \$7.5 billion compared to a net loss of \$724 million in the fourth quarter of 2007. Results in the quarter were largely driven by an \$11.4 billion after-tax gain from the extinguishment of debt related to GMAC's fourth quarter bond exchange, which was partially offset by losses in the global automotive finance and mortgage businesses. Adversely affecting results in the quarter were an impairment on lease residuals due to falling used vehicle prices, provisions for loan losses as credit quality trends and asset values continued to decline, and impairments on equity investments.

For the full-year 2008, GMAC reported net income of \$1.9 billion, compared to a net loss of \$2.3 billion for 2007. Affecting results for the full year were significant losses at Residential Capital, LLC (ResCap) as adverse mortgage and housing market conditions domestically and internationally continued to persist. In addition, weak credit conditions and impairments on lease residuals led to losses in the automotive finance business. The insurance operation remained profitable throughout 2008.

<sup>&</sup>lt;sup>3</sup> Includes a \$10.7 billion gain on bond exchange.

"The past year was clearly an extraordinary period for GMAC. Our business, like many others, was significantly affected by the U.S. recession, the global capital and credit market disruption, falling auto sales and a mortgage market in turmoil," said GMAC Chief Executive Officer Alvaro G. de Molina. "These extraordinary conditions called for nothing less than extraordinary actions, and we closed 2008 with some encouraging steps toward a more positive future for GMAC."

"In the past 45 days, GMAC received approval from the U.S. Federal Reserve to become a bank holding company, successfully completed the largest debt exchange in U.S. corporate history, received a TARP investment, and completed a rights offering. Today, GMAC has a stronger capital base and is positioned to be more competitive over the long-term," de Molina said. "Our work is just beginning, however, to enhance management practices, while also operating through this difficult economic cycle and transitioning and diversifying the company."

#### **Liquidity and Capital**

GMAC's consolidated cash and cash equivalents were \$15.2 billion as of Dec. 31, 2008, up from \$13.5 billion at Sept. 30, 2008. Of these total balances, ResCap's cash and cash equivalents balance, including GMAC Bank, was \$7.0 billion at year-end, up slightly from \$6.9 billion at Sept. 30, 2008. The change in consolidated cash is related to increased deposits at GMAC Bank and the \$5 billion U.S. Department of Treasury investment under the TARP, which was offset by costs associated with the bond exchange, lower dealer deposits, and debt maturities.

GMAC Bank total assets were \$32.9 billion at year-end, which included \$10.9 billion of assets at the automotive division and \$22.0 billion of assets at the mortgage division. This compares to \$32.9 billion of total assets at Sept. 30, 2008. Deposits increased in the fourth quarter to \$19.3 billion at Dec. 31, 2008, which included \$7.2 billion of retail deposits, \$10.6 billion of brokered deposits, and \$1.5 billion of other deposits. This compares to \$17.7 billion of deposits at the end of the third quarter, with \$4.5 billion of retail, \$10.8 billion of brokered and \$2.3 billion of other deposits.

2

GMAC significantly bolstered its regulatory capital position during the fourth quarter and its application to become a bank holding company was approved on Dec. 24, 2008. At the time of GMAC's application to become a bank holding company, the U.S. Federal Reserve established an initial regulatory capital target for the company based on expected balance sheet structure and size, as well as company performance. Since then, GMAC's asset levels had declined and estimates of the fourth quarter financial results were revised. Therefore, the regulatory capital requirement target was adjusted using a risk-based ratio approach when the bank holding company order was issued.

Total book equity at Dec. 31, 2008 was \$21.9 billion, compared to \$9.2 billion at Sept. 30, 2008. Contributing to the increase were an \$11.4 billion gain from the bond exchange, \$234 million of capital from new preferred interests issued to bondholders, \$5 billion of preferred interests from the TARP investment, and \$750 million in additional common equity from the contribution by General Motors and FIM Holdings LLC of their first-loss participation interests in a ResCap credit facility.

In January 2009, GMAC completed a rights offering whereby GM and FIM Holdings collectively purchased an additional \$1.25 billion of GMAC common equity interests. In addition, GMAC completed a transaction that extinguished certain debt and resulted in approximately \$600 million of equity. Both transactions further improved the company's capital position. As a result of these actions and by achieving a tangible equity-to-assets ratio of 10.9 percent at year-end, GMAC believes it has an appropriate level of capital for the current market environment.

#### **Global Automotive Finance**

GMAC's global automotive finance business reported a net loss of \$1.3 billion in the fourth quarter of 2008, compared to net income of \$137 million in the year-ago period. The decline was attributable to impairments on operating leases in the U.S. car portfolio and the international full-service leasing portfolio related to a decline in used vehicle prices, higher provisions for credit losses due to weaker consumer and dealer performance, and mark-to-market adjustments on derivatives.

New vehicle financing originations for the fourth quarter of 2008 decreased significantly to \$2.7 billion of retail and lease contracts from \$13.4 billion in the fourth quarter of 2007. Reduced access to funding related to the global capital and credit market disruption prompted GMAC to implement a more conservative purchase policy for consumer auto financing in the United States which significantly affected origination volumes in the quarter. In addition, originations declined in the international operations as the business began to implement plans to cease or curtail operations in select countries in Asia-Pacific and Europe. A significant decline in global automotive sales also contributed to reduced origination volumes.

3

GMAC began expanding its retail automotive financing activities in the United States to include a broader spectrum of consumers immediately after receiving the TARP investment on Dec. 29, 2008. While this access to liquidity has improved the company's ability to extend credit to qualified consumers, there are still limitations on other funding sources for automotive assets. GMAC Bank remains a key funding source for GMAC, however, until GM is no longer considered an affiliate of GMAC Bank, the Bank is limited in the retail and wholesale assets that can be funded from GM dealers due to the current regulations.

Credit losses increased sharply in the fourth quarter of 2008 to 2.10 percent of managed retail assets, versus 1.05 percent in the fourth quarter of 2007. The increase is related to higher loss frequency and severity stemming from the U.S. economic recession. Delinquencies also increased to 2.96 percent in the fourth quarter of 2008, compared to 2.68 percent in the year-ago period.

#### **Insurance**

GMAC's insurance business reported net income of \$95 million, compared to net income of \$68 million in the fourth quarter of 2007. Results were attributable to a gain from the sale of the reinsurance business, which was partially offset by a goodwill impairment as well as fewer policies sold in the United States due to an overall decline in vehicle sales.

The total value of the insurance investment portfolio was \$5.1 billion at Dec. 31, 2008, compared to \$7.2 billion at Dec. 31, 2007. The decrease is attributable to assets transferred in the sale of the reinsurance business, unfavorable foreign currency movement, and lower asset values.

4

#### **Real Estate Finance**

ResCap reported a net loss of \$981 million for the fourth quarter of 2008, compared to a net loss of \$921 million in the year-ago period. This reflects an after-tax gain of \$754 million in the fourth quarter of 2008 from the retirement of ResCap debt related to the bond exchange. The decline in performance is attributable to continued adverse market conditions, which drove higher credit-related provisions and funding costs.

ResCap's U.S. residential finance business was negatively affected by lower mortgage production due to tight underwriting and the closing of certain retail and wholesale lending channels, and lower net servicing fees.

The international mortgage business experienced a net loss in the fourth quarter related to suspension of all production with the exception of Canadian insured loans and the continued decline of credit quality and home prices overseas. The business lending operation experienced continued losses in the fourth quarter due to lower net interest margins related to nonperforming loans and an increase in loan loss reserves as inventories remained high and demand for home purchases remained constrained.

In the fourth quarter, GMAC contributed \$1.67 billion of equity to ResCap, which included \$690 million of debt forgiveness on the mortgage servicing rights credit line and \$976 million (face value with accrued interest) of ResCap bonds that were contributed and subsequently retired. As a result of these actions, ResCap remained in compliance with its tangible net worth covenant at Dec. 31, 2008.

On Jan. 30, 2009, GMAC acquired 100 percent of ResCap's non-voting equity interest in IB Finance Holdings, the parent company of GMAC Bank, As a result, all voting and economic interests in IB Finance are now owned directly by GMAC.

#### Outlook

Weak economic conditions have continued into 2009 and the capital and credit markets remained stressed. As a bank holding company, GMAC is better positioned to manage through this downturn with improved access to funding and a stronger capital position.

5

"Looking ahead, challenges still remain and GMAC will focus on transitioning the company to meet all bank holding company requirements; further strengthening the liquidity and capital position; building a world-class organization; expanding and diversifying customer-focused revenue opportunities in auto and mortgage; and driving returns by repositioning the risk profile and maximizing efficiencies," de Molina said. "This will be the path to strengthening the enterprise for the long-term."

#### **About GMAC Financial Services**

GMAC LLC is a bank holding company with operations in North America, South America, Europe and Asia-Pacific. GMAC specializes in automotive finance, real estate finance, insurance, commercial finance and online banking. As of Dec. 31, 2008, the organization had \$189 billion in assets and serviced 15 million customers around the world. Visit the GMAC media site at <a href="https://www.media.gmacfs.com">www.media.gmacfs.com</a> for more information.

#### **Forward-Looking Statements**

In this earnings release and related comments by GMAC LLC ("GMAC") management, the use of the words "expect," "anticipate," "estimate," "forecast," "initiative," "objective," "plan," "goal," "project," "outlook," "priorities," "target," "intend," "evaluate," "pursue," "seek," "may," "would," "could," "should," "believe," "potential," "continue," or the negative of any of those words or similar expressions is intended to identify forward-looking statements. All statements herein and in related charts and management comments, other than statements of historical fact, including without limitation, statements about future events and financial performance, are forward-looking statements that involve certain risks and uncertainties.

6

While these statements represent our current judgment on what the future may hold, and we believe these judgments are reasonable, these statements are not guarantees of any events or financial results, and GMAC's and Residential Capital, LLC's ("ResCap") actual results may differ materially due to numerous important factors that are described in the most recent reports on SEC Forms 10-K and 10-O for GMAC and ResCap, each of which may be revised or supplemented in subsequent reports on SEC Forms 10-O and 8-K. Such factors include, among others, the following: securing low cost funding for GMAC and ResCap and maintaining the mutually beneficial relationship between GMAC and General Motors Corporation ("GM"); our ability to maintain an appropriate level of debt; the profitability and financial condition of GM; our ability to realize the anticipated benefits associated with our recent conversion to a bank holding company, and the increased regulation and restrictions that we will be subject to; uncertainty concerning our ability to access additional federal liquidity programs; recent developments in the residential mortgage and capital markets; continued deterioration in the residual value of off-lease vehicles; the continuing negative impact on ResCap of the decline in the U.S. housing market; changes in U.S. government-sponsored mortgage programs or disruptions in the markets in which our mortgage subsidiaries operate; disruptions in the market in which we fund GMAC's and ResCap's operations, with resulting negative impact on our liquidity; changes in our accounting assumptions that may require or that result from changes in the accounting rules or their application, which could result in an impact on earnings; changes in the credit ratings of ResCap, GMAC or GM; changes in economic conditions, currency exchange rates or political stability in the markets in which we operate; and changes in the existing or the adoption of new laws, regulations, policies or other activities of governments, agencies and similar organizations.

Investors are cautioned not to place undue reliance on forward-looking statements. GMAC undertakes no obligation to update publicly or otherwise revise any forward-looking statements, whether as a result of new information, future events or other such factors that affect the subject of these statements, except where expressly required by law.

<sup>(5)</sup> Represents on-balance sheet assets, which includes \$3.8 billion of retail loans held for sale in 2008

- (6) Prior period amounts based on current vehicle mix, in order to be comparable
- (7) Serviced assets represent operating leases where GMAC continues to service the underlying asset
- (8) GMAC-owned portfolio reflects lease assets on GMAC's books after distribution to GM of automotive leases in connection with the sale transaction which occurred in November 2006
- (9) Represents on-balance sheet assets including retail leases
- (10) Managed assets represent on and off-balance sheet finance receivables and loans where GMAC continues to be exposed to credit and/or interest rate risk
- (11) Represents percentage of average number of contracts outstanding. Excludes accounts in bankruptcy.
- (12) Serviced assets represent on and off-balance sheet finance receivables and loans where GMAC continues to service the underlying asset

## Forward-Looking Statements

In the presentation that follows and related comments by GMAC LLC ("GMAC") management, the use of the words "expect," "anticipate," "estimate," "forecast," "initiative," "objective," "plan," "goal," "project," "outlook," "priorities," "target," "intend," "evaluate," "pursue," "seek," "may," "would," "could," "should," "believe," "potential," "continue," or similar expressions is intended to identify forward-looking statements. All statements herein and in related management comments, other than statements of historical fact, including without limitation, statements about future events and financial performance, are forward-looking statements that involve certain risks and uncertainties. While these statements represent our current judgment on what the future may hold, and we believe these judgments are reasonable, these statements are not guarantees of any events or financial results, and GMAC's and Residential Capital, LLC's ("ResCap") actual results may differ materially due to numerous important factors that are described in the most recent reports on SEC Forms 10-K and 10-Q for GMAC and ResCap, each of which may be revised or supplemented in subsequent reports on SEC Forms 10-Q and 8-K. Such factors include, among others, the following: securing low cost funding for GMAC and ResCap and maintaining the mutually beneficial relationship between GMAC and General Motors Corporation ("GM"); our ability to maintain an appropriate level of debt; the profitability and financial condition of GM; our ability to realize the anticipated benefits associated with our recent conversion to a bank holding company, and the increased regulation and restrictions that we will be subject to; uncertainty concerning our ability to access additional federal liquidity programs; recent developments in the residential mortgage and capital markets; continued deterioration in the residual value of off-lease vehicles; the continuing negative impact on ResCap of the decline in the U.S. housing market; changes in U.S. government-sponsored mortgage programs or disruptions in the markets in which our mortgage subsidiaries operate; disruptions in the market in which we fund GMAC's and ResCap's operations, with resulting negative impact on our liquidity; changes in our accounting assumptions that may require or that result from changes in the accounting rules or their application, which could result in an impact on earnings; changes in the credit ratings of ResCap, GMAC or GM; changes in economic conditions, currency exchange rates or political stability in the markets in which we operate; and changes in the existing or the adoption of new laws, regulations, policies or other activities of governments, agencies and similar organizations. Investors are cautioned not to place undue reliance on forward-looking statements. GMAC undertakes no obligation to update publicly or otherwise revise any forward-looking statements except where expressly required by law. A reconciliation of certain non-GAAP financial measures included within this presentation is provided in the supplemental charts.

Use of the term "loans" describes products associated with direct and indirect lending activities of GMAC's global operations. The specific products include retail installment sales contracts, loans, lines of credit, leases or other financing products. The term "originate" refers to GMAC's purchase, acquisition or direct origination of various "loan" products.

## GMAC: 2008 Actions

<sup>\*</sup> Capital raised includes \$11.4 billion from gain on transaction and \$0.2 billion book value of new preferred interests

Q4 2008 GMAC Preliminary Results

## **GMAC: Fourth Quarter 2008 Performance Highlights**

# Q4 2008 consolidated net income of \$7.5 billion, primarily driven by a gain on the bond exchange

- Excluding the bond exchange gain of \$11.4 billion, the consolidated net loss was \$3.96 billion
  - Loss of \$1.3 billion at Global Auto Finance, driven by weak credit conditions and falling used vehicle prices
  - Net income of \$95 million at Insurance
  - Loss, excluding debt retirement gain, of \$1.7 billion at ResCap, due to falling asset values and continued distress in the real estate market
    - Total GAAP loss at ResCap of \$981 million, which includes \$754 million of debt retirement gains
- Gain of \$11.4 billion on bond exchange and debt retirement
  - \$754 million of gain at ResCap

## GMAC ended Q4 2008 with \$15.2 billion of cash and cash equivalents

| GMAC ex. ResCap | \$8.2 billion  |
|-----------------|----------------|
| ResCap*         | \$7.0 billion  |
| GMAC LLC        | \$15.2 billion |

<sup>\*</sup> Includes the cash and cash equivalents of GMAC Bank as presented on ResCap's financial statements.

## **GMAC FINANCIAL SERVICES**

Q4 2008 GMAC Preliminary Results

# Global Auto Finance: Consumer Auto Loss Trends

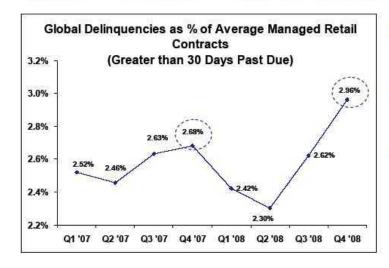

- Losses are up significantly due to:
  - Higher frequency in Europe and North America
  - Increased severity, especially in North America
- Frequency is up, driven by economic weakness and the seasoning of the portfolio
- The asset base is shrinking, pushing loss ratios up

| Net Retail Losses (% Avg Assets) | North<br><u>America</u> | Europe | Asia<br>Pacific | Latin<br><u>America</u> | Global  |
|----------------------------------|-------------------------|--------|-----------------|-------------------------|---------|
| Q4 2008                          | 2.51%                   | 0.85%  | 0.70%           | 1.49%                   | 2.10%   |
| Q4 2007                          | 1.31%                   | -0.01% | 0.47%           | 1.20%                   | 1.05%   |

Q4 2008 GMAC Preliminary Results

# Global Auto Finance: Auto Delinquency Trends

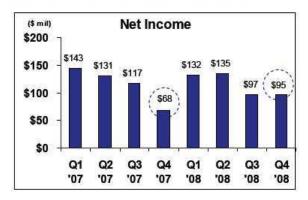

- Delinquency has historically been highly correlated to the unemployment rate, which is what we are seeing in North America
- Economic weakness, particularly in Spain, has caused European credit performance to deteriorate
- Overall delinquency rates are up due to shrinking portfolios in North America and Europe

| Loans > 30 Days Past Due | North<br><u>America</u> | Europe | Asia<br>Pacific | Latin<br><u>America</u> | Global |
|--------------------------|-------------------------|--------|-----------------|-------------------------|--------|
| Q4 2008                  | 3.18%                   | 1.52%  | 1.74%           | 4.06%                   | 2.96%  |
| Q4 2007                  | 2.77%                   | 1.36%  | 1.90%           | 4.08%                   | 2.68%  |
| Year over Year Change    | +41bps                  | +16bps | -16bps          | -2bps                   | +28bps |

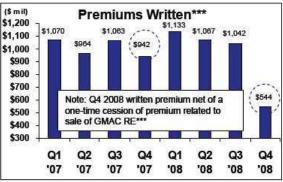

Q4 2008 GMAC Preliminary Results

# Insurance: Key Metrics

<sup>\*</sup> Core Earnings = underwriting income + investment income + goodwill impairment + interest expense, less gain on sale of business, less capital gains; net of tax. See supplemental charts for a reconciliation of core earnings to GAAP income.

**GMAC FINANCIAL SERVICES** 

Q4 2008 GMAC Preliminary Results

<sup>\*\*</sup> Combined ratio represents the sum of all incurred losses and expenses (excluding interest and income tax expense) divided by the total premiums and service revenues earned and other income. For 2008, sale of GMAC RE and goodwill impairment have also been excluded.

<sup>\*\*\*</sup> Q4 2008 reflects the sale of GMAC RE, which closed on November 3, 2008. Excluding GMAC RE, premiums written (\$ millions) would be \$859, \$939, \$942 and \$937 for Q4 2007, Q1 2008, Q2 2008 and Q3 2008, respectively.

# Insurance: Condensed Income Statement

Q4 2008 GMAC Preliminary Results

## ResCap: Key Messages

## Operating and market environments

- Execution of strategic initiatives continues to reduce the balance sheet and lower operating costs; however, weak real estate market conditions persist
  - Credit-related costs remain at elevated levels
  - Cost of funding is very high
  - Significant portion of assets are in run-off; poor market for disposition of non-conforming assets

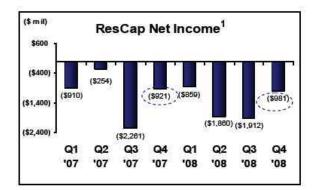

## Capital and liquidity needs continue

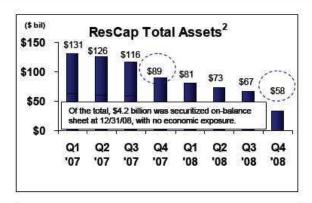

- Remained compliant with key covenants
- Ongoing evaluation of plans to address capital and liquidity needs
- GMAC holds significant portions of ResCap debt from bond exchange
- Core origination and servicing business provides diversification for GMAC
- ResCap continues to rely on GMAC support

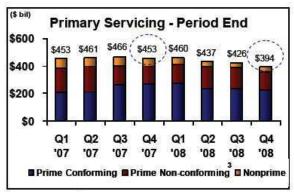

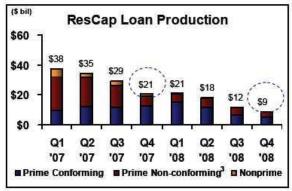

13

## ResCap: Key Metrics

<sup>1</sup> Q4 '08 includes \$754 million after-tax gain on extinguishment of debt.

## **GMAC FINANCIAL SERVICES**

Q4 2008 GMAC Preliminary Results

## ResCap: Capital and Liquidity

## Total equity of \$2.2 billion (12/31/08)

- ResCap received equity infusions of \$1.67 billion from GMAC during Q4 2008, including \$690 million of GMAC MSR debt forgiveness and the contribution of \$976 million of ResCap bonds (face value plus accrued interest) that resulted in a gain on the extinguishment of debt of \$757\* million
- Tangible net worth, without GMAC Bank, as required by certain bank facility covenants, was \$350 million vs. \$250 million covenant requirement\*\*
- ResCap was also compliant with its minimum cash covenants at quarter end
- If ResCap were to need additional support, GMAC would provide that support so long as it was in the best interests of GMAC stakeholders. While there can be no assurances, GMAC's recently approved status as a regulated bank holding company has increased the importance of its support for ResCap.

### Global ResCap cash and cash equivalents of \$7.0 billion (12/31/08)

- ResCap cash and cash equivalents increased \$98 million compared to Q3 2008
- Of the total, \$5.5 billion was held at GMAC Bank\*\*\*

| (\$ billions)                          | Q4 2008 | Q3 2008 | Q2 2008 | Q1 2008 | Q4 2007 | Q3 2007 | Q2 2007 | Q1 2007 |

17

<sup>\*\*</sup> For this purpose, consolidated tangible net worth is defined as the company's consolidated equity, excluding intangible assets and any equity in GMAC Bank to the extent included in the Company's consolidated balance sheet

<sup>\*\*\*</sup> GMAC Bank Cash & Cash Equivalents as presented on GMAC Bank's GAAP financial statements.

<sup>&</sup>lt;sup>1</sup> These figures include the auto division of GMAC Bank, as presented on ResCap's financial statements.

## **GMAC Bank: IB Finance Transaction**

# On January 30, GMAC acquired 100% of ResCap's non-voting equity interest in IB Finance Holdings, the parent company of GMAC Bank

- Prior to the transaction, IB Finance was jointly owned by GMAC and ResCap (GMAC held 100% of outstanding voting interests, and ResCap held non-voting equity interests) but consolidated with ResCap for stand-alone reporting purposes
  - At 12/31/08, ResCap stand-alone financial statements included \$33 billion in assets associated with IB Finance and a \$1.9 billion minority interest associated with GMAC ownership in the entity
- Transaction Mechanics
  - GMAC converted its \$806 million of preferred interests in ResCap into \$806 million of preferred interests in IB Finance consistent with the terms of the Exchange Agreement entered into on March 31, 2008
  - \$830 million of ResCap debt was forgiven by GMAC in exchange for 100% of ResCap's remaining non-voting equity interest in IB Finance ("Class M Common Units")
  - ResCap has the right to market the Class M Common Units on similar terms and conditions to third parties for a period of 60 days following the closing, and will receive any upside should a third party buyer be identified
  - All business arrangements between ResCap and GMAC Bank will remain in place at closing
- As a result of this, all voting and economic interests in IB Finance are now owned directly by GMAC
  - IB Finance will no longer consolidate with ResCap for stand-alone reporting purposes
  - GMAC segment reporting is unaffected by this transaction

18

## Global Capital and Liquidity: GMAC Bank

# Continuing to grow GMAC Bank assets and deposits in line with FDIC guidelines

- Assets of \$32.9 billion include \$10.9 billion of assets at the auto division, and \$22.0 billion of assets at the mortgage division
- Increased marketing efforts have raised deposits to \$19.3 billion as of 12/31/08
- More rapid growth of assets in the bank remains constrained by restrictions on affiliate related business
- Total FHLB borrowing capacity of \$9.5 billion (\$0.2 billion of which is unused) available to fund mortgage assets

Note: GMAC Bank assets and deposits as presented on GMAC Bank call report filed with the FDIC.

**GMAC FINANCIAL SERVICES** 

Q4 2008 GMAC Preliminary Results

## **GMAC Bank: Regulatory Restrictions for Auto Assets**

# Banking regulations limit GMAC Bank's ability to fund the majority of GMAC's U.S. auto assets

- Certain transactions with affiliates are extremely limited, without an exemption
  - Currently, GM is considered an affiliate of GMAC Bank
  - GMAC Bank can not fund the following unless regulators provide an exemption:
    - Dealer inventory finance for new GM vehicles, as long as GM is considered an affiliate
    - Consumer leasing
    - Retail auto loans on vehicles for which GMAC provides the dealer financing

While these restrictions limit our ability to grow GMAC Bank assets, the Bank remains a key funding source

Note: Numbers may not foot due to rounding.

- The bond exchange increased equity capital by \$3.7 billion from principal reduction, cash tender and issuance of other securities, \$0.2 billion from converting principal to preferred stock and \$7.7 billion from recording the debt and preferred at fair market value
- GMAC now has four classes of preferred stock including preferred interests held by GM, two series of interests held by the U.S. Treasury and interests issued in the bond exchanges

Q4 2008 GMAC Preliminary Results

<sup>\*</sup> Q4 total GAAP income was \$7.5 billion, consisting of \$11.4 billion bond exchange gain and \$3.96 million of other losses

<sup>\*\* 12/31/2008</sup> capital plus impact of rights offering and debt repurchase; does not include any impact from January 2009 operating performance.

# Global Capital and Liquidity: Capital Ratios

### Capital ratios

|                                    | 12/31/08 | 09/30/08 | 12/31/07 |
|------------------------------------|----------|----------|----------|
| Total Equity / Total Assets        | 11.5%    | 4.4%     | 6.3%     |
| Tangible Equity / Tangible Assets* | 10.9%    | 3.7%     | 5.7%     |
| Bank Agreement Leverage Ratio**    | 2.8x     | 10.0x    | N/A      |

<sup>\*</sup>The ratio of Tangible Equity/Tangible Assets excludes Intangibles of \$1.4 billion (12/31/08), \$1.5 billion (9/30/08) and \$1.6 billion (12/31/07) from Total Equity and Total Assets.

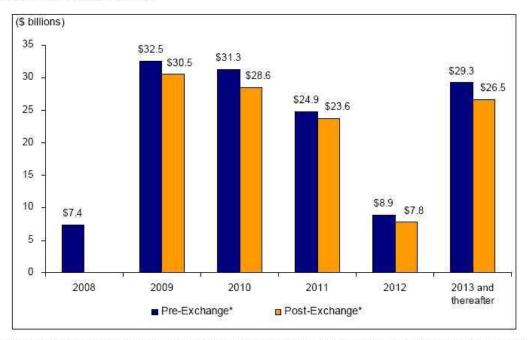

23

<sup>\*\*</sup> Under a revolving credit facility, we are subject to a leverage ratio covenant under which adjusted consolidated debt should not exceed 11 times adjusted consolidated net worth. Details on this calculation can be found on slide 33.

### Global Capital and Liquidity: Term Debt Maturity Profile

#### Debt exchange did not significantly change GMAC's overall maturity profile

 Unsecured and secured term maturities in 2009 are \$30.5 billion, down only \$2.0 billion from pre-exchange levels

\*Note: Pre-exchange maturities as of 9/30/2008 and post-exchange maturities as of 12/31/2008 reflect per value of debt. Excludes collateralized borrowings in securitization trusts representing mortgage lending related debt that is repaid upon the principal payments of the underlying assets; of \$7.0 billion (as of 9/30/08) and \$3.8 billion (as of 12/31/08).

**GMAC FINANCIAL SERVICES** 

Q4 2008 GMAC Preliminary Results

### **GMAC: Funding Strategy**

#### Within GMAC Bank:

- Increase deposits and shift toward a higher proportion of retail deposits
- Continue to access FHLB funding
- Access federal funding facilities as appropriate

#### Outside GMAC Bank

- Maintain key components of current funding strategy
  - Emphasis on secured committed facilities
  - Maintain strong and deep lending relationships with key bank partners
  - Manage asset originations to match available funding
  - As origination patterns change, reshape funding to reflect this
- Expand funding in new ways where possible
  - Applying for TLGP
  - Exploring opportunities within TALF
- When markets return, access public ABS market and perhaps unsecured market

Credit market challenges remain, and GMAC will continue to focus on enhancing liquidity

25

#### GMAC: Selected BHC Requirements

# The transformation to a BHC involves a number of changes, including those to our current business model, corporate governance and reporting requirements

- GMAC-GM operating agreements being revised
- GMAC Board will be reconstituted
- GMAC must comply with bank regulations and reporting requirements
- GMAC ownership will be restructured
  - GM's ownership is limited to no more than 9.9% of voting interest and economic
    - GM has indicated it will contribute all equity in excess of this limit to two blind trusts
    - The trustees must dispose of all the equity in the trusts within 3 years
  - Cerberus' ownership is limited to no more than 14.9% of voting interest and 33% of economic interest
    - Cerberus will distribute excess equity to its investors

#### **GMAC Voting Interest Ownership**

<sup>&</sup>lt;sup>1</sup>Blind trust, of which GM will be the beneficiary. GM will appoint Trustee, subject to Federal Reserve approval

<sup>&</sup>lt;sup>2</sup>Blind trust, of which GM will be the beneficiary. U.S. Treasury will appoint Trustee

Q4 2008 GMAC Preliminary Results

26

#### **GMAC: Corporate Governance**

#### GMAC is required to reconstitute its board by March 24, 2009

- The new board will be comprised of seven members including:
  - One member appointed by Cerberus
  - Two members appointed by the Trustee of the "Treasury Trust"
    - The Treasury Trust is a blind trust or trusts that will be established by GM to hold certain voting interests in GMAC. The Trustee will be appointed by the U.S. Treasury
  - The GMAC CEO
- Three independent members appointed by the above four members.

# One independent member will appointed chairman by a majority of the board

27

### Conclusion

# The difficult economic and financial environment in 2008 threatened GMAC's mission of lending to car buyers, homebuyers and auto dealers

# Our actions throughout the year have improved GMAC's position, yet challenges remain

- Stressed capital markets
- Poor economic conditions
- Weaker consumer and commercial credit
- Concentration of risk in Auto and Mortgage
- New regulatory requirements

# To address these challenges, GMAC will focus on 5 key priorities for 2009

- 1. Transition to and meet all bank holding requirements
- 2. Strengthen the company's liquidity and capital position
- 3. Build a world class GMAC organization
- Expand and diversify customer-focused revenue opportunities in auto and mortgage, with available funding driving originations
- Drive returns by repositioning the risk profile of GMAC's revenue mix and asset base, and maximizing efficiencies
